

Cause is an outreach of The Bridge Church focused on assisting local and global organizations making a difference in the lives of individuals throughout our community and world. We are a relatively small group of individuals that believe offering hope and assistance is something that can make a huge difference in the life of just one person or an entire organization. We have identified partners that we can come along beside and assist them in reaching their vision to transform their communities. These organizations have a proven track record of fiscal accountability, as well as a passion for serving and caring. These are two important criteria that we look for when identifying partners. Within Cause we will raise funds for annual projects and support of the following non-profit organizations, direct volunteers to work in these organizations and local non-profits, and encourage leaders who are serving our community and world.
